Easier Nighttime Feeds

An Advantage in Enteral Nutrition

Reduce Leaks

The MiniONE® Balloon Button was designed to reduce gastric leakage that can cause nutrient loss, skin damage and granulation tissue

- **Exclusive AMT Balloon**
apple-shaped, expands horizontally
>50% more internal stoma coverage¹
- **Tapered Transition**
from bolster to tube, for a more secure fit
- **Anti-Reflux Valve**
prevents backflow
- **Adjustable Balloon Volume**
ensures proper fit

Soft + Flexible

- **Flexible External Bolster**
easy to clean around the stoma site
- **Balloon Fill Port**
angled away from the body to reduce skin irritation at the stoma site
- **Gentle to the Skin**
designed to reduce granulation tissue

Improve Comfort

AMT understands that comfort is key when it comes to patient, caregiver and clinician satisfaction

- **37% Lower External Profile¹**
MiniONE® lays discreetly below clothing
- **30% Lower Balloon Profile¹**
occupies less space within the stomach
